Woods

Wood's WHU600 is a very efficient humidifier that will provide you with a healthier and more pleasant indoor climate. This hybrid humidifier can exhaust cold as well as warm mist, and the easy to read display shows both ambient temperature and humidity.

Wood's WHU600 is very easy to use and the clear water tank is easy to refill and to clean. It also lets you see how much water is left in it.

Wood's WHU600 is energy saving and quiet and has a directable mist exhaust.
