

# WOOD'S DEHUMIDIFIER WDD90

## RECOMMENDED USE:

**Smaller, colder spaces such as holiday homes, boats and caravans.**

- ✓ **Handles temperatures as low as 0°C**
- ✓ **Control it remotely with its WIFI function**
- ✓ **Quiet operation**

Wood's WDD90 is a very quiet and efficient desiccant dehumidifier. Sorption technology allows it to be used with good results, even when the temperature drops to 0°C. This makes Wood's WDD90 ideal for cold, smaller spaces, holiday homes, boats and caravans. Smart WiFi control also allows you to conveniently control the dehumidifier from a distance. You can also choose to activate ionisation, meaning particles clump together and stick more easily to the filter, so the air is cleaned while being dehumidified.

## TECHNICAL SPECIFICATIONS:

Maximum working area	60 m <sup>2</sup>
Recommended work area	10-50 m <sup>2</sup>
Air flow	90-180 m <sup>3</sup>
Capacity at 20°C & 60% RF	8 litres/day
Power at 20°C & 70% RF	610 W
Working range temperature of	+0°C till +37°C
Tank volume	2 litres
Product dimensions LxWxH (mm)	358x213x537
Weight	11,4 l
Noise level 1-3	≤40 – ≤50 dB
IP rating	IPX1

\*Technical changes and improvements may occur. All values are approximate and may vary depending on external circumstances such as temperature, ventilation and humidity.

**SPACIOUS WATER TANK**  
- Auto stop feature for when the container is full

**HOSE CONNECTION**  
- For direct outflow to a drain.

**EASY MAINTENANCE**  
- Periodically cleaning the filter protects the dehumidifier from dust, and extends its longevity.

**EXTEND YOUR WARRANTY**  
- Register your product on warranty-woods.com
